

To Whom It May Concern: Please be informed that since our Indiana State Attorney General enacted this program for the specific interest of the people of Indiana, I urge you to leave our law intact. For the first time in years, I am not receiving unwarranted telephone calls, my dinners are not interrupted by sales pitches, and my privacy belongs to me. Before this law was enacted, the calls just about drove me up the wall. Please, we telephone patrons deserve and merit a voice as to who can come into our personal lives via the telephone services for which we pay. Thank your for your consideration.
